

Demystifying Molecular Modelling

5 May 2010

A one-day interdisciplinary meeting on issues in the modelling of single molecules or molecular systems, with case studies from physical chemistry and systems biology

Participation is FREE but numbers are limited.

Please register on-line at the meeting webpage: <http://www.chem.strath.ac.uk/btg>

Department of
Chemistry

Strathclyde Institute
of Pharmacy and
Biomedical Sciences

Invited speakers:

Prof. Rainer Breitling
Prof. Ernesto Estrada
Prof. Des Higham
Prof. Mikhail Osipov
Dr. Hans Martin Senn
Prof. Nick Stone

Including a poster/discussion session,
cheese & wine, lunch, and refreshments.

Department of
Mathematics and
Statistics

Department of
Physics

Supported by University of Strathclyde

Bridging the Gap
